BREATHING TECHNIQUES FOR INSTANT FOCUS

Your breath is one of the fastest ways to reset your mind and body. The right breathing techniques can help you stay calm, lock in, and perform at your best—especially under pressure.

🔥 Why Your Breath Matters

✅ Calms nerves and reduces tension
✅ Helps you stay present instead of overthinking
✅ Increases oxygen flow for better focus and endurance
✅ Gives you a simple way to reset after mistakes

🎯 3 Breathing Techniques for Instant Focus

1️⃣ 4-2-6 Breathing (Calm & Focus)

Great for pre-game nerves or high-pressure moments.

- Inhale for 4 seconds
- Hold for 2 seconds
- Exhale slowly for 6 seconds
- Repeat 3-5 times to feel grounded and locked in.

2️⃣ Box Breathing (Reset & Refocus)

Used by elite athletes to stay composed under stress.

- Inhale for 4 seconds
- Hold for 4 seconds
- Exhale for 4 seconds
- Hold for 4 seconds
- Repeat until you feel centered.

3️⃣ Power Exhale (Energy Boost)

Use this when you need to snap into go mode before a play.

- Take a deep breath in through your nose.
- Exhale forcefully through your mouth.
- Repeat 2-3 times to activate focus and intensity.

🚀 Quick Breathing Tip

Feeling overwhelmed? Take one deep breath, exhale slowly, and say your power phrase. It's a quick reset to get back in the zone.

🏆 **Bottom Line:** Your breath is your secret weapon. Use it to stay focused, stay calm, and stay ready—no matter the moment.
